

**Autumn (or Fall)**

Read the poem John Keats wrote about Autumn. Record events he associates with Autumn, in the circle. Record what you associate with the season, in the circle marked “Today.” Look through newspapers and talk to friends and family for events that take place in your community during the Autumn season.

In the overlapping section, write in color anything that you and Keats have in common.

**Follow up:** Use the VENN diagram for other comparisons, using the overlapping section to show what you have in common: Write thoughts, feelings and moods that Keats expresses. Underline sections of the poem that provide evidence. Then write thoughts, feelings, and moods you associate with Autumn or the Fall season.
